He knew only one way to deal with pain. Hunt it down and kill it." Police Officer Jack Stratton is hiding. Hiding from the world. From pain. From the memories of losing his best friend, Chandler, in Iraq. Suffering from PTSD and isolated from those he cares about, the last thing Jack expects to hear is his foster sister Michelle, Chandler's sister, is gone. The words cut straight to his core. Although the police think she just took off, he knows Michelle would never leave those she loved behind like he did. Now he must take action, find Michelle, and bring her home or die trying. The first novel in the Jack Stratton Collection introduces us to handsome rogue, Jack Stratton. A debt of honor to his dead foster brother drives Jack into a world of deception and lies. As Jack's walls begin to crumble, he must navigate the quirky characters that seep into the mystery of his foster sister's disappearance. And in the sleepy community of Darrington, like so many places in this world, nothing is as it appears. The hidden mysteries that often go unnoticed begin to emerge as Jack and his new unpredictable sidekick begin to turn over the rocks. Following a trail that has grown cold, Jack must tread carefully to protect his job, his family, and his life. This stand-alone novel features rogue hero Jack Stratton. Look for other books in the Jack Stratton Collection including Jack Knifed, Jacks are Wild, and now Jack and the Giant Killer. They can be read in any order, however, they are best experienced in sequence. ...more **Girl Jacked (Jack Stratton, #1) PDF ebook**
